Â

"We, the vintage BMW motorcycle enthusiasts of America, wishing to secure for ourselves the pleasures and benefits of an association of persons commonly interested in vintage BMW motorcycles, incorporate ourselves into the BMW Veteran Motorcycle Owners of America." (Preamble to the Charter)

Â

The BMW Veteran Motorcycle Club of America was founded on January 17th, 2004 with the express purpose of providing educational services, information, and assistance to those who are interested in owning, operating, repairing, restoring and studying both the history of vintage BMW motorcycles and the machines themselves.

It is also the purpose of the VMCA to conduct programs and activities to advance the general interest of BMW motorcycles.

We appeal to you to join us, to take part in both learning, and sharing your knowledge with others.
