Tool Loan Program

I just bought a die to cut/repair the exhaust threads on R68/69/69S heads.
Once I'm done repairing my R68 heads I'd like to make it available to other BMWVMCA members through the tool loan program (f you don;t already have one there)

I bought it because the heads I'm working on have threads that are salvageable and should clean up nicely once I use the die on them. I figured it would save hours with a needle file trying to clean them up the old fashioned way.

Regards
